PIANO RECITAL MUCH APPRECIATED

Miss Audrey Young's third annual recital given in the Gleichen Community Hall last Thursday evening attracted every one who attempted to get a seat, and was

enjoyed by a full house of parents and friends. It was a great surprise to most of the audience to note that the soloist, the studies she has made in the past year, the artist ranged from six years of age to adults, who had not been taught their piano training from the arrival of Miss Young in Gleichen, which speaks volumes for that young woman's work.

There was a pleasure in watching the smaller children approach the platform and make their little bows, most of them with eyes only for dad and mother.

Rev. Mr. Corcoran occupied the chair and his remarks from time to time served not only to please the audience, but to bring the strain on the children who took part.

The program was lengthy but so arranged that it was not in the least tiresome.

LOVES OF CARMAN SATURDAY NIGHT

Glorious strain is beauty in the sight of its picturesqueness beauty in the grandeur of Carmen, created by Rossini, and the 12th, Mrs. McLean, Dolores del Rio and Alvarado in the principal roles, aside from the greatest dramatic qualities, the music is the background of one's musical education.

The Spanish town on a day fest presents a most curious and interesting picture, the grandeur and beauty of the town and country getting together more often and closer, than what one would expect just as in the case of the other.

In "Loves of Carmen" Raoul Walsh has "blasted the genuine fiesta spirit. It is interesting to know that in all the big scenes of the opera, the original Spanish descent were used. The picture will start in the Gleichen Community Hall on Saturday night.

HOCKEY CLUB DANCE WEDNESDAY, JUNE 20

Next Wednesday, June 20th, the 2nd Battery Hockey Club are putting on a dance in the Gleichen Community Hall in an effort to clear up a small sum of money owing from the amateur sport they are supporting. Every true sport in this district admires the boys for the wonderful games they have given us and now we hope to get a great deal of appreciation by attending this dance, which promises to be one of the best.

At 8:30 p.m. the 2nd Battery will start with Lewis orchestra providing the music. Now all you have ball and hockey fans turn out and show your appreciation.

The Call Phone is 12. When you know what name give 12 a ring.

A very beautiful bouquet of flowers was presented to Miss Young before the close of her salute.

Canada Invited To Sign Renunciation Of War Treaty Proposed By U.S.

Washington, D.C. — Expressing keen satisfaction that the British Dominions had been so favorably inclined towards the treaty for the renunciation of war which the United States Government proposed on April 13, 1928, as to wish to participate therein individually and as original signatories, Secretary of State Frank B. Kellogg has extended to Canada a cordial invitation to become one of the primary parties to the treaty for the renunciation of war which is now under consideration.

Secretary Kellogg's note on this subject was despatched to the Canadian Government through Hon. Wm. Phillips, American minister at Ottawa. An identical note has been sent to the governments of Australia, New Zealand, South Africa, the Irish Free State and the government of India.

The American note refers specifically to the treaty to outlaw war as an instrument of national policy, to which all the great powers have been invited to adhere.

No mention is made to a further proposed treaty to provide machinery for the arbitration of international disputes. This second treaty in the case of the British Empire, would replace the Root-Bryan arbitration treaty, which is about to expire.

Shows Regard For Dominion

Submission Of U.S. Peace Plan "Pretty Compliment," Says London Paper

London. — Frank B. Kellogg, Secretary of State for the United States, has paid the British Dominions a pretty compliment in officially communicating to each of them the United States' proposal for a treaty for the renunciation of war before approaching the minor powers in Europe," says the Daily Telegraph.

"Of course the position of the Dominions is different from that of the minor European powers. On all big international issues and great international conferences since 1919 the British Empire has been represented by an Empire delegation, including delegations from all the Dominions.

"Still, Mr. Kellogg's gesture augurs a regard and friendliness for the Dominions which they and the Empire as a whole cannot fail to appreciate."

Plan Air Mail For West

New Service May Be Inaugurated In Western Canada This Year

Winnipeg. — The Ottawa correspondent of The Manitoba Free Press says:

"If the present plans of the postal department are carried out there will be inaugurated in Western Canada this year, almost certainly, the first daily commercial air mail service.

"The plans are contingent on Postmaster-General Veniot obtaining the assent of the cabinet to a vote for this purpose to be included in the supplementary estimates.

"The intention is to inaugurate a daily mail service, east and west, between Calgary and Winnipeg. This service would include local mail between the larger cities as well as trans-continental and British mail."

Want Censor Committee

Toronto Men Would Have Books and Magazines Checked

Toronto. — At a conference between publishers, literary men and the police department to consider the advisability of appointing a committee to censor books, magazines and other periodicals against which complaints are made to the police it was decided to communicate with the Dominion Government and ask them to select a committee to act for the Dominion. If this cannot be done an effort will be made to appoint a committee here.

Denies Dealing In Immigration Permits

Former Solicitor-General Declares Charge Is Wrong

Ottawa. — Hon. E. J. McMurray, former Solicitor-General, denied absolutely before the parliamentary immigration inquiry that he had dealt in immigration permits for \$100 apiece as charged by Alderman M. J. Coldwell of Regina before the immigration committee.

"I was astounded and stunned to read in the papers the statements of Mr. Coldwell," Mr. McMurray said. "I denied it and welcomed the opportunity of coming before the committee and clearing away the charge. I was glad to read the denial of the minister of immigration. What he said was true, I have had no dealings with Mr. Forke since he has been in office."

Mr. McMurray explained he had been elected in 1921 from North Winnipeg, which was half foreign born. Many of these people wished to bring relatives to Canada.

"I assisted them, but I never charged them a cent," he said. The numbers had become so great that later on he had charged them telegraph costs and such things. Then he had turned them away.

The records of Mr. McMurray's law firm of 1922 showed that seven applicants had been handled by his firm, "in a strictly legal way."

The legal fees charged varied from \$15 to \$50. After his return to Winnipeg in 1926, four cases had been handled at fees of \$25 each.

Frown On Sunday Labor

Alberta Will Take Steps To Enforce Lord's Day Act

Edmonton. — Attorney-General Lymburn is instructing the Commissioner of Provincial Police to notify all police detachments in the province that it will be the policy of the department to secure a wider and better observance of the law in respect to Sunday work.

The local police will be expected to co-operate with the citizens in maintaining respect for the provisions of the Lord's Day Act.

Mr. Lymburn points out that under the extreme weather conditions that have prevailed at critical periods of the past two years, considerable leniency in regard to the Sunday law has been exercised, because a certain amount of Sunday work on farms was unavoidable.

He says that this is not, however, to be taken as establishing a precedent, and the law of the land still stands. An effort is now being made to appeal to the interest and good judgment of the general public in the direction of better observance of the day of rest.

The sanction of the Federal administration to the acceptance of the invitation was given to Sir Henry by the Prime Minister and by the Minister of Railways and Canals.

As Sir Henry may not be able to attend some of the meetings, permission has been given to P. A. Clews, European traffic manager of the Canadian National Railways, located at London, to represent him when occasion requires.

The total amounts include \$4,246,869.75 assessed in favor of the claimants, and \$2,042,520.59 representing five per cent. interest on all awards calculated to March 10, 1928.

The records the report states, cover loss of life and property on the British ocean liner Lusitania sunk by a German submarine off the coast of Ireland on May 7, 1915; on the Hesperia sunk by enemy submarine September 4, 1915, and on other passenger and merchant vessels; merchandise lost on ships torpedoed; claims of fishermen and owners of fishing vessels sunk by submarines or raiders; claims for property destroyed in enemy territory; internment claims; claims of insurance companies for war losses; air raid claims; claims of ship owners and charterers; claims in respect to nurses and soldiers in hospital ships sunk; claims in respect of the Halifax explosion and other miscellaneous claims.

Says St. Lawrence Scheme Unnecessary

Report Given To Senate By Shipping Federation Officials

Ottawa. — "It is our firm conviction that as far as Canada is concerned the project is untimely and unnecessary," said A. L. MacCallum, manager of the Shipping Federation of Canada, to the Senate Committee on waterways with respect to the St. Lawrence project.

Mr. MacCallum assured the committee that the organization which he represented was concerned only with ocean shipping and that it was not wedded to any particular port or ports in Canada. It felt, however, that the immense expenditure on such a scheme as the St. Lawrence waterways could only be justified if it was proven that the benefits would be large.

The Federation had given special consideration to the matter and it has come to the conclusion that the expenditure at present was not warranted.

Buys Another Airplane

Baron Huenefeld Now Owns Sister Ship To The Bremen

Albany, N.Y. — Baron Gunther von Huenefeld, backer of the first successful westward flight across the North Atlantic, has purchased the Junker's plane Europa, sister ship of the Bremen, but what flight he plans in the new plane, are a matter of conjecture.

To the distinguished Canadian poet was awarded the Lorne Pierce medal; Dr. Coleman was the recipient of the Flavelle medal, and Dr. Chapais received the Tyrell medal—the highest awards which science and literature can bestow in Canada.

One report is that the German Baron, Captain Koehl and Major Fitzmaurice, would attempt a return flight to Europe, having the new plane shipped to New York from Germany. Baron von Huenefeld, however, denies that such are his plans.

He said it was possible that the plane would be shipped to Ireland, and that he and Koehl would fly it there to Germany, but that the plans were indefinite.

Gives Life To Aid Science

Doctor Studying Source Of Jungle Fever Succumbs To Disease

New York. — An expedition into Africa in an attempt to discover the relation between South America and African yellow fever resulted in the death of Dr. Hydeyo Noguchi, of the Rockefeller Institute for Medical Research, the institute was advised.

Dr. Moguchi, discoverer of the source of South American yellow fever in 1916, died at Accra, West Africa. Recently he wrote to New York friends that he had been stricken with African yellow fever and had been in an African hospital from December 28, 1927, to January 9, this year.

He said his own was the first case of the disease to come under his observation and that from his bed he had directed the inoculation of a monkey with some of his own infected blood. The animal died 12 days later and additional experimentation, his letter said, disclosed the micro-organism responsible for the disease.

Coarse Grain Payment

Saskatchewan Coarse Grain Pool Making Second Interim Payment

Saskatoon, Sask. — A second interim payment amounting to \$730,361 is being mailed to members of the Saskatchewan Coarse Grains Pool. This represents a payment of 8 cents a bushel on all grades of oats except a few very low grades; and 10 cents a bushel on all grades of barley, flax and rye. This brings total payment to growers by the Coarse Grain Pool for the 1927 crop to the level of 53 cents a bushel for 2 c.w. oats, 75 cents for 3 c.w. barley; 1 n.w. flax, \$1.75 per bushel; and 2 c.w. rye, 95 cents per bushel basis Fort William.

ROYAL SOCIETY HONORS THREE FELLOW MEMBERS

Winnipeg. — Distinguished scientists and scholars honored three fellow members of the Royal Society of Canada, in annual meeting here, when outstanding awards were conferred on Bliss Carman, Canadian poet; Dr. A. P. Coleman, F.R.S., of the University of Toronto, scientist; and Dr. Thomas Chamais, of Quebec, historian.

To the distinguished Canadian poet was awarded the Lorne Pierce medal; Dr. Coleman was the recipient of the Flavelle medal, and Dr. Chapais received the Tyrell medal—the highest awards which science and literature can bestow in Canada.

The presentation of awards made by Professor A. H. Reginald Fuller, F.R.S.C., of Winnipeg, president of the Society, featured the evening session held at the University of Manitoba.

Many papers on important scientific problems and addresses by outstanding historians were delivered before various sections of the society.

An interesting paper was presented by W. P. Thompson, of the University of Saskatchewan. He displayed slides showing the effects of "crossing" wheats of various strains; how the chromosome numbers of wheat could be calculated in second generation plants, and many important points in the practical breeding of grains.

Wheat, for example, he said, can be crossed with rye, provided wheat is the female parent, but not if it is the male.

A sum of \$35,000 has been placed at the disposal of the Royal Society as the nucleus of an endowment fund, by the Carnegie Corporation of New York, it was announced by Sir Robert Falconer, president of Toronto University.

The amount, he stated, will be retained exclusively for endowment purposes.

In reporting to the convention of the Society, Sir Robert said that the endowment committee had given consideration to the policy of raising a fund that would enable the society to be somewhat independent. The Dominion government, he said, so far had only given \$6,000.

Other assistance, however, was being sought.

Sixteen new fellows were declared elected to fill vacancies in the council. They are: Sir Robert L. Borden, W. H. Boyd, Ottawa; Robt. H. Clark, Prof. J. S. Delury, Prof. D. C. Harvey, of the University of Manitoba; L. L. Stines, Saskatoon; Geo. W. Scarth, Montreal; Stanley Smith, Albert Ferland, Rev. Father Hugolin, Oskar Klotz, B. R. MacKay, Right Rev. F. X. Ross, James Malcolm Swaine, W. Stewart Wallace and W. T. Waugh.

Dirigible Italia Cruises For Two Hours Over The North Pole Area

Takes Responsible Position

Lindbergh Given Full Charge Of Big Air Scheme

New York. — Col. Charles Lindbergh, who has been out of a regular job since he quit the air mail service more than a year ago to fly from New York to Paris, has gone to work for the Trans-Continental Air Transport Corporation.

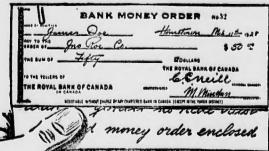

Lindbergh's new position is a "full time job," his employers said. As chairman of the corporation's technical committee, the famous ocean liner will have charge of selecting airplanes, motors, safety devices, routes, and flying schedules for the new coast to coast air mail service.

It is up to Lindbergh to say how soon the new 48-hour passenger service between New York and San Francisco can begin. The colonel already has given some time and considerable thought to the problems of his new job and it is believed the service may be inaugurated within six or seven months.

Four other aviators will serve as Lindbergh's fellow committee men. C. M. Keys, president of the transport corporation, who announced the signing of Lindbergh, said the colonel's aides on the technical committee would be men of long experience and proved ability.

A Hamilton, Ontario woman has
been fined \$5000 for slandering a Tim-
ber woman. Rather expensive talk
Wonder with the mountain fall on the
little town.

Monday the town police depart-
ment started the work of grading
the roads. It is already a great job
and will last for many days.

While Ed. Harrold was shooting
with a winchball on the reserve near
Cluny last Thursday something hit
the head and he fell about 20
feet landing on his head and became
conscious. When he revived he was
taken into Mrs. Cunningham's hospital
at Gleichen. Dr. Armstrong at-
tended him. On Monday he left the
hospital to return to his work.

A 22-ounce baby born at the Queenie
Charlotte hospital in London was alive
and doing well at first report.

White Fire losses in 1927

thirty-three deaths and property
losses totalling \$2,325,777.92 resulted
from fires in Alberta during the year.
The following is a summary of the
report of Home Office, provincial
commissioner. Fire waste from the
burning of dwelling, stores, barns and
garages amounted to \$1,000,000,
or 68 per cent of total losses
for the year, and it is pointed out
in the report that practically all of these
fires were due to carelessness in some
form or other.

During 1927 a total of 738 cities,
towns and villages in the Province
were visited and inspected by officials
of the Fire Prevention Department and
637 orders were issued for the
errection of defects. Convictions under
the Fire Prevention Act during
the year totalled 35, or 9.47 per cent
of those brought to trial.
